Announcing **VOLUNTEER ORIENTATION (Levels I and II)**

During a health emergency, Maricopa County Department of Public Health may be required to provide medication to local residents. Registered, trained volunteers will be essential to our emergency response efforts.

We invite you to participate in one of our Volunteer Orientation sessions, and learn how you can help in your community. These sessions are open to **all VSG members**, and anyone interested in becoming a member of the Volunteer Service Group.

NOTE: These sessions combine information covered in Level I and Level II training. Completion of Level II training is a prerequisite for participating in future trainings and exercises.

Monday, October 23, 2006
